- 
3. Enter your username. (This is most often your email address)

4. Now tap on "Start the reset process"

5. The system now sends you an email to CONFIRM your details. Check for an EMAIL and tap on the link in the email ONCE to continue the process. Please do not double-click.
6. If you have forgotten your username, or it does not send you an email at this stage, try tapping on the "Recover username" button on the previous screen to recover and confirm you are using the correct username.

## IF YOU DO NOT GET THE EMAIL in your inbox, it is due to one of the following:

- Your username is incorrect, then tap on "Recover username"
- Your email in our database is incorrect, contact our support staff to assist (see our support contact information below).
- The email has been assigned to your JUNK or SPAM filter or folder
- You may have blocked emails from us
- Your business email server is delayed or unavailable, we will retry a few times.
- Your company may have blocked emails from our domain. While this is highly unlikely, it has happened.

7. Once you have tapped the link in your email you will be taken back to \*sparkfolios to complete the reset process.
8. When this page loads, the system will then automatically send you an SMS code as the 2nd step of the 2-step verification process. Enter the confirmation code in the box provided.

**RESET YOUR PASSWORD (STEP 2 OF 2)**

To verify your identify, we have sent a Confirmation Code to your cell (mobile) phone number **2783xxx1234**.  
Please enter the 6-digit confirmation code received on your phone, in the space below. Then tap 'Reset password'

10. On the next screen you can enter the **new password** of your choice

The screenshot shows a password reset interface. At the top, a dark bar reads "RESET YOUR PASSWORD (STEP 2 OF 2)". Below it, a message says "Please choose a new password". Underneath, a note states "Acceptable password." followed by a progress bar showing a red segment and a green segment. Two password input fields are present, each containing several dots. A yellow arrow points to the first field, and another yellow arrow points to the second field. At the bottom right is a dark blue "Reset Password" button with a yellow arrow pointing to it.

11. Confirm your new password in the second box
12. Once you complete the process you will be returned to the login page.
13. Sign in with your username and **NEW** password.

Here are some **helpful hints** to help you avoid any password resetting frustration in the future.

1. Your username is most likely to be your email address.
2. Change your password to something that you will remember.
3. Here is a link explaining how to create "[Strong yet easy to remember passwords](#)"

## Suggested password length and characters

1. Length is a minimum of 8
2. Please include at least 1 number
3. Please use both uppercase and lowercase letters of the alphabet
4. You can include at least 1 special character (some special characters are not allowed)

## Why must I change my password regularly?

1. To remain secure and better protect your data
2. Employer policies stipulate the frequency of these updates

## Changing your username

1. Your username is most likely the email address provided to us.
2. You can however change the username to one you prefer.
3. Once you are successfully signed in to \*sparkfolios

>> (Tap on **your name** in the top right hand corner) >> **Edit profile**

The image consists of two side-by-side screenshots. The left screenshot shows a mobile-style sidebar with a dark header containing a wallet icon, 'YOUR MANAGER', and 'Your Name'. Below the header are four items: 'Edit profile' (with a yellow arrow pointing to it), '\*wallet transactions', 'Visit store', and 'Manage network'. The right screenshot shows a 'Edit Your Profile' page with a navigation bar at the top featuring tabs for 'Account Information', 'Personal Details', 'Banking', 'Company Details', and 'Security'. The 'Account Information' tab is active. Below the tabs, there's a section for 'Account Information' with fields for 'Account number' (containing '123456') and 'User Name' (containing 'YourUsername'). A yellow arrow points to the 'User Name' field.
